

TUG 2006

Digital Typography & Electronic Publishing: Localization & Internationalization

The 27th Annual Meeting & International Conference of the T_EX Users Group

November 9–11, 2006, Marrakesh, Morocco

Announcement and Call for Papers

After TUG 2003 in America (Hawaii, USA), TUG 2004 in Europe (Xanthi, Greece), TUG 2005 in Asia (Wuhan, China), it is fitting that TUG 2006 be held in Africa—in Marrakesh, Morocco. The conference will be hosted by Cadi Ayyad University's Sciences Faculty.

Processing multilingual e-documents will go beyond the limits of its traditional cultural areas and new horizons in the internationalization of T_EX will be explored. The conference consists of scientific and technical talks, panels and poster sessions, as well as tutorials, all dedicated to present investigations of e-document technology.

The topics of interest include:

System design:

Internationalization & localization
Presentation and content
Electronic publishing
Digital typography
Document design
Recognition
Calligraphy
Standards

Web technology:

Web semantics & structured data
Multimedia and hypertext
Structure transformations
Digital libraries

Educational technology:

Interactive e-learning
Learning support systems
Learning and dynamic e-documents
