³*Institution 3*

Since a *Book of Abstracts* shall be produced before the conference, all contributions must conform to the stipulated format. The Abstract should fit in a Text Box of size 5" x 7.5" with no margin. Text should be justified. Please avoid including diagrams or pictures in the abstract. Reference list should be minimal.

- Title should be in Arial font size 14, uppercase bold and left adjusted. It should be typed in the text box without leaving any top margin. In case it runs into more than one line, use single line spacing.
- Author name should be written with single line spacing beneath the title as Name Surname in Times New Roman font size 12, lower case bold and left adjusted. The institution name should be written in the next line separated from the name list by single line space in Times New Roman lowercase italics and not bold. Multiple author names should appear as Name1 Surname1¹, Name2 Surname2², Name³ Surname3³ and so on. Distinct superscripts should be used to represent different institutes. Each institute name should be on a successive line.
- Text of abstract should follow the Institute list after 18 pts space. This should be in Time New Roman font size 12, sentence case and not bold. The first line should be indented by 0.5".

Between successive paragraphs leave a single line space. Except the first, paragraphs should not begin with an indentation. If bullets are used, these must be solid circles of size as shown herein. References^{1,2} quoted should be listed leaving a 12 pt space between text of abstract and the Reference list as illustrated below.
